LONDON, Oct. 6.—A dispatch to the Central News from Cherfon dated 2:30 p. m., Oct. 6, says that a big naval battle is proceeding outside of the harbor of Cherfon. It is thought that the Port Arthur fleet made a sortie to reach Cherfon Harbor and that the Russians encountered the Japanese squadron which has been blockading Port Arthur.

A later dispatch from Cherfon stated that the sounds of firing at sea, which was accompanied by darkness like that of a battle, ceased at 4 o'clock this morning.

The combined Japanese fleet under Admiral Togo and Vice Admiral Kusunoki, big as the Russian fleet, has been blockading Port Arthur for weeks. The Japanese fleet has been firing at the Russian fleet, which has been blockading Port Arthur for weeks. **THINKS DEMOCRATS NEVER HAD A BETTER
CHANCE FOR VICTORY THAN THIS YEAR.**

In the stands of the Hotel Tremont to-day General Nelson A. Miles, U. S. A., in an interview with a representative of the BOSTON AMERICAN, declared that in his opinion General Miles would win the election for the national candidate this year. He said that he had been thinking of the matter for many years in the light of the party.

"In Judge Parker the Democratic party has a candidate, logical, capable and worthy of the support of every thinker," said General Miles. "His reputation, his business ability and the solid force of his personality are against the interests of the party of the United States."

"Do you think that the active interest of every man who has the interests of his country at heart?"

"I do not care to make any special statement as to whether I shall or shall not," replied the general.

"Will General Miles vote?"

"No, you think Judge Parker will equal the vote of William Jennings Bryan at the last national election."

He will not again Mr. Bryan's vote, but all indications point to his winning for himself at the next election, and the States I think he will cross across the line for Mr. Cleveland, and that should forecast Democratic success."

NEW YORK, Oct. 6.—Rising "Tops" Mrs. T. Levis and Hart McKee, both of New York, are expected to sail for Japan, and it is accepted as a fact that they are to be married. The rumor that they are to be married is neither denied nor affirmed by them.

**PROPOSED NEW CANON REFERRED TO A COMMITTEE
AND WILL COME UP FOR ACTION LATER BEFORE
FULL CONVENTION—ARCHBISHOP OF CANTERBURY
DELIVERS A SERMON.**

The divorce question, which will be one of the most interesting and important things to come before the Episcopal Convention, being held in this city, was brought before the House of Deputies at their session in Emmanuel Church, to-day, by the Rev. Francis Lewis of Pennsylvania.

The address of the Archbishop of Canterbury to bishops and deputies was one of the most interesting features of the convention. The Archbishop spoke feelingly in what he termed his message, and was listened to attentively.

WRANGLE ON LYNCHING QUESTION

The introduction by the delegate, J. H. Stotsenberg, of Indiana, of a resolution denouncing lynching as a barbarous and cruel custom, against the laws of God and man and calling for its condemnation, threw the convention into a wrangle. The resolution was referred to the Committee on Church and State, when a delegate remarked that it would never be heard of again, as that was the ecclesiastical burying ground.

The Rev. Dr. Grosvenor of New York, thereupon moved that the resolution be reconsidered. Dr. McKim declared that the motion was lost, but upon division it was taken up and referred to a special committee of five deputies, appointed by the chair. The Southern delegates opposed the reconsideration of the resolution, but the Northern and Western delegates carried the point after much wrangling.

The divorce resolution provides that no minister shall marry any person who has a divorced husband or wife living.

It is also provided in the resolution that no person shall be confirmed in the church unless married as the discipline of the church provides, until the case has been submitted to the Bishops. No minister, however, shall refuse the sacrament to any person in danger of death.

BLOW AIMED AT POTTER.

The deputies were thrown into an uproar early in the forenoon session by a resolution introduced by John Cameron of Boston, a lay delegate from North Carolina, condemning Bishop Potter, of New York, for opening and dedicating the New York Tavern, a short time ago.

Engaged to Mrs. L. H.

Webb of New York.

WEDDING IN METROPOLIS

Garden, Coolman, Jr., formerly of this

city, but now of Boston, will be married to Mrs. Lella Howard Webb, widow of Dr. Walter Webb, next week. The marriage announcement will be made to the friends and relatives of Mr. Codman in Boston to-day. The wedding invitations will come two or three days later.

The wedding, it is understood, will take place in New York.

Mr. Codman is the son of Mr. and Mrs. Ulpian Codman, formerly of Beacon street, but now of Lincoln. He is a member of the Somerset Club. He belongs to one of the oldest and most aristocratic of Boston exclusive families, and is a graduate of Harvard.

Mrs. Webb is the daughter of the late Mrs. Greenoble Troy, and is a great beauty. She received over \$600,000 from her husband, which she made use of for the betterment of her one of the richest widows in New York.

The cases of the men accused of conspiring to defraud the United States by giving false invoices on importations of lace finished after they had purchased lace Judge Lowell in the United States District Court to-day. James McLane, buyer for the firm of Shepard, Neave & Company, testified that he had bought lace of Samuel Grunberg, one of the accused men, and head of the firm of the Glasgow Lace Manufacturing Company.

McLane testified that in August of last year he had bought lace and purchased lace in Switzerland. Grunberg offered him half of the lot at 25¢ cents per yard. McLane bought \$1,250 worth. This price was the same as the market price.

Edward E. Cole, vice-president of Shepard, Norwell & Company, was recalled to the stand. He testified that he had known James A. Shedd and John W. Trafton, the accused custom house examiners, for many years, and that he had always regarded

NAGGING PAINS

Newport News, Va., July 27, 1903.

Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken

three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism.

613 32d St. CHAS. E. GILDERSLEVVE

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. S. goes directly into the circulation, all irritating substances are neutralized and

filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable remedy. Write for special book on Rheumatism, sent free. Our physicians will advise free all who will write us about their case.

"Limited Marriage"

I remember a man who asked a girl to marry him. The girl, who liked him in a way, but disliked certain portions of his character, said "No." He asked her again and again, and she said "No," but could give no reason and express none of her real feelings. Therefore, when he had said "No" a number of times, and could think of nothing new to say, she married him. Fear of the world kept them together afterward, but if you could look into the heart of a girl that later of you could lift the veil from a thousand such households and see into the hearts of the women there!

It is a question to my mind whether a girl should, say, at sixteen, utterly intrude that later, knowing little, as such a girl married, of the man she

parthy with him, say, has no common taste with him, nothing to share with him, and that is the worst situation, except a physical one. The life is insupportable. Yet many married women go on with it from habit or because the world terrorizes them.

Certainly, however, one day these present conditions of marriage will be changed. Men will be allowed to divorce for a certain period, say ten years, or—well, I do not want to specify any particular time. The State will see that sufficient money is put by during the marriage to provide for an educated childless, perhaps the State will take charge of this fund.

There will be a devil of an uproar before such a change can be made. It will be a great shock, but look back at the time when the State took away what we call "chances" nevertheless taken place in this marriage business.

The difficulty is to make English people face such a problem. They want to be disciplined more than any nation in the world. They won't look ahead—especially the governing people. And you must have philosophy—though it is more than you can hope to get English people to admit. The lack of philosophy into the discussion of such a question. Again and again, notably in their criticism of America, you see how the English people will persist in regarding any new trait as a sign of disease. Yet it is a sign of health.

A correspondence about marriage, like the present one, does nothing but good. The subject is kept in too much darkness. Air it! Air it! Nothing can be more good than that, and you are very glad if any words of mine can help.

**ARE AMERICAN GIRLS REALLY AT
A DISCOUNT?**

Editor Woman's Page:

Why is it that in the matter of marriage we find such a general deep-seated prejudice against the American-born girl?

From personal knowledge I find that among marriageable men, both native and immigrant, there is little or no love for the American girl. And those who and one will answer: "the knows too much"; another, "she can't keep house"; can't cook, for instance."

Who are our women barometers? Landladies, mothers and aunts, "Native born." Who are the girls in demand for white-

backed with \$40,000 a beggarly Hungarian Baron, who eloped with Countess Most, will be one of the most important, perhaps the most important, for this general boycott, perhaps too diffident, light, gay? Well, her mother never taught her so. Did she acquiesce?

wise instructors, lead me to the belief that we come into this world, at the

all of the Great Universal Power back of all things, to complete ourselves—important parts of the Universe of God.

In a mighty machine there are innumerable little bolts and rivets, and seemingly insignificant pieces, but all are made to make the whole perfect thing.

Precisely so each individual is needed to make a most wonderful piece of mechanism—the universe.

But as the universe is greater than man, and man is greater than any piece of wood or iron. He is the exact opposite of the machine he is made, and his purpose in life is to reflect his Maker.

When we come into each incarnation more and more to perfect ourselves and to glorify our Maker, we are made perfect until we are completed—and "one with God."

We come here to better the world for those who follow us, and to learn for in other realms and learn other lessons. We are here to perfect ourselves, and to make manifest the Father's will, and the plans of the Creator, and to bring souls around zones and realms and

and cheerfulness, are all steps toward the higher experiences awaiting us when we leave this body.

Indolence, selfishness, pleasure enjoyed at the expense of others, mean and selfish, and the love of the world, the tarding of its progress.

It is the love of glory and happiness waiting for those who climb to the top of the stairs of selfishness and unselfish toil.

It does not matter what you believe, or what you think, or what you worship—if you love and believe in God, and if you love and believe in love, your fellow men and work for the good of the world, you are fulfilling the "purpose" of this life.

No matter if you are a Crosses of Christ, or a King, or a poor man, if you are not doing these things you are not fulfilling the purpose of this life, the penalty.

It is the love of an errand boy or servant girl, and you are living up to the highest ideal of duty and love, then you are fulfilling the purpose of this life. It is the love in indolence and selfishness.

It is the love of the world, the love that leads to perfect ourselves to such degree that we may have no further education.

We go out of this world to see our fellow-creatures beyond, and to advance or regress, as we have lived while here.
